On Sunday, April 17, the local community and families who were interested in learning more about Mane Stream's Summer Day Camp and other equine-assisted programs came to the Oldwick facility for a fun-packed day.

It may have been cold and rainy on Sunday, May 1st but a great group of runners and walkers showed up to support Mane Stream's 5K Run, Walk & Roll at Colonial Park in Somerset.

All who braved the day had a fun time and an even better than usual chance to win one of the signature Mane Stream medals, lovingly made by dedicated volunteers. These one-of-a-kind medals were a hit with everyone and they are sure to be the envy of the 5K circuit.

horses and thought this would a great way to give and receive at the same time. When the day ended, I committed to myself to continue donating my time once my own kids were in college.

Last year, I began working as a volunteer with Mane Stream. Over the months that I spent with the horses and children here, I gained a new appreciation for how blessed my life had been that I was able to send off two health independent young adults into the world. I realized how different my life could have been and felt the urge to do more.

I learned that Mane Stream also accepts car donations as another method of fund raising. I had been a minivan "soccer" mom for 15 years, but those days had come to an end and it was time to move on. I was thrilled that I could take this car that had played a part in many, many years of my children's lives and donate the car to help another family at Mane Stream. I am so happy now thinking of my car helping someone new (as opposed to sitting in some junkyard somewhere)!"

Thank you Linda!
